Life Sciences

# CORE TECHNOLOGIES FOR LIFE SCIENCES

## What is CTLS?

- CORE TECHNOLOGIES FOR LIFE SCIENCES
- An international non-profit association that brings together scientists, technical and administrative staff working across the world in core facilities, research infrastructures and other shared resource laboratories
- Provides a platform to network, discuss emerging technologies and exchange information on best practices
- Supports the career development of its members throughout their careers by offering a wide range of training opportunities

## Why join CTLS?

- Join a large active community of core facility staff across the world
- Participate in training schemes targeted at core facility staff such as the CTLS Mentoring Program and the CTLS Shadowing and Staff Exchange Program
- Gain access to specialist CTLS sponsored training courses
- Attend events including our biennial congress for all members
- Gain access to CTLS members page of website with news, job listings and event notifications

# CORE TECHNOLOGIES FOR LIFE SCIENCES

## CTLS Shadowing & Staff Exchange Program

Facilitates CTLS members visiting a different core facility in a different country:

- Shadowing will involve a CTLS member visiting a different core facility and spending time with another individual or team, learning new skills and developing professional networks
- Staff Exchange a two-way process between two CTLS members in different core facilities
- CTLS Members will be able to apply for CTLS bursaries to support this.

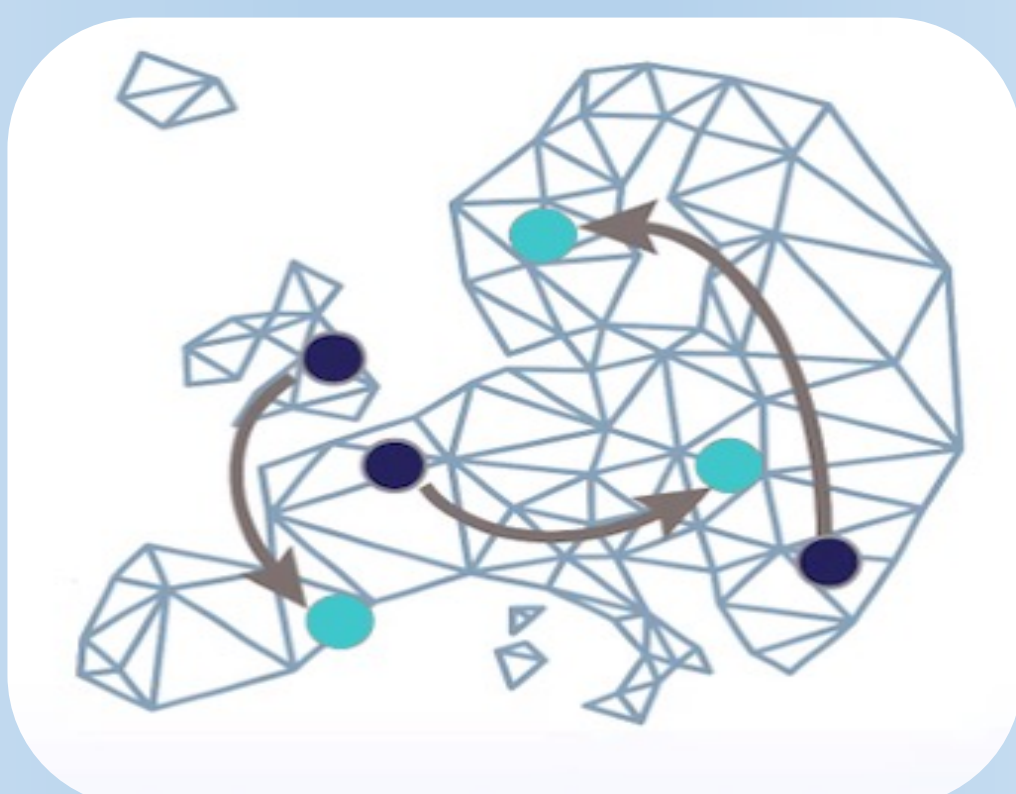

For further details, see [CTLS Shadowing and Staff Exchange](#) under 'Resources' tab on [CTLS website](#) or email [shadowing@ctls-org.eu](mailto:shadowing@ctls-org.eu)

## CTLS Mentoring Program

- Connects mentors and mentees, bringing benefits to both
- The list of the mentors available is on the CTLS Mentors webpage with details of their expertise... click on their name to reach out to them directly
- A flexible program with scope for the mentoring to develop as the mentee and mentor decide

For further details, see [CTLS Mentors](#) under 'Resources' tab on [CTLS website](#) or email [mentorship@ctls-org.eu](mailto:mentorship@ctls-org.eu)

CTLS also organises specialist training courses and training sessions for core facility staff. Check our website for details.

## CTLS Congress

- The next biennial CTLS congress, CTLS 2025, will be held face-to-face in Brno from 10<sup>th</sup> to 12<sup>th</sup> June 2025
- This congress is free to all members and will include presentations, workshops and an exhibition
- It will be a great opportunity to network with and learn from fellow Core Facility Staff
- And with its broad agenda, it will be suitable for Core Facilities Staff, Technicians, Facility Managers, PIs, Research Scientists, Lab Managers and Administrative Staff
- Look out for further details on the [CTLS 2025](#) page of our website!
